This two-day hands-on course is for people (ages 12 & up) who want to learn how to safely operate a powerboat or improve their on-the-water boat handling skills. Unlike some classes which only teach in the classroom, this class includes extensive on-the-water training.

Taught by US Powerboating™ certified powerboat instructors and approved by The National Association of State Boating Law Administrators (NASBLA), this course fulfills all requirements necessary to qualify for a Connecticut Safe Boating Certificate (SBC) along with most other states.

The cost, which includes all books, safety equipment and on-water instruction, is \$300 for non-members and \$250 for members.

June 25 - 27, 2010 - The Wooden Boat Show

See wooden boats of every type and watch several live boat building events at the 19th Annual Wooden Boat Show at Mystic Seaport. View more than 75 beautiful boats in the water and browse through three tents and extensive land exhibits hosting nearly 200 exhibitors that include boat builders, sail makers, marine adhesive and coatings companies, boat schools and associations, tools, wooden boat hardware, books, nautical antiques and artists.

Traditional classics and contemporary wooden boats of every type, both sail and power, will be on display including cruising yachts, launches, runabouts, fishing boats, performance powerboats, daysailers, dinghies, rowboats, canoes, performance shells, multihulls and racing boats.

Other activities include exhibitor demonstrations, workshops by industry experts and a daily film and author series, all in addition to the Museum's regular exhibits and activities.

Museum admission gains access to both The Wooden Boat Show and Mystic Seaport offering a family-friendly activity at a great value.
